What about the course and/or instruction most enhanced your learning?

Comments
Guan was amazing. She literally was so thorough and took her time explaining aspects of poli-sci that we hadn't known before. I loved political economy (sometimes) even before coming to this class, but she really reinforced my passion for this subject. The in-class discussions were also not super pressured bc of the way she conducted them, which really fostered more engagement as students wanted to speak (although we had participation points),
Guan is the best instructor I have had in several years, especially in this program. She always meets students at eye level, answering questions with candor and providing her own opinions where they are relevant. She was kind, honest, and professional and never failed to underscore that our engagement was important and valued.
Very good professor.
The fact we did presentations helped us understand material and it helps us hone our skills.
The discussion leader assignments most enhanced my learning because it allowed me to be in the professors shoes twice a semester. I really enjoyed leading class discussion and my approach to the articles changed throughout the course of the semester, thinking about the concepts critically and condensing lots of information into a 10 minute presentation. I really found it beneficial to my learning and understood the course materials better.

What about the course and/or instruction can be improved the next time it is offered?

Comments
None– excellent course
I would recommend adding a makeup for the class presentations if students are unable to be there on that specific day, or if class is cancelled. As it was, we presented over Zoom which is fine but due to the parameters of the assignment it made the presentation a bit more stiff.
She could have given us earlier feedback on how to have a good presentation.
Nothing, the instructor was perfect.
Nothing, Wang is an excellent and PASSIONATE teacher/professor/lecturer and really got the students engaged with the material covered. She has a strong character and her love for IPE was clear throughout the semester.
